

****Professional Esthetics Training - Modular Certificate Series****

South Okanagan | Gallagher Lake (North of Oliver, BC)

Professional esthetics training doesn't have to mean relocating, commuting long distances, or paying tens of thousands of dollars to large institutions. This **locally delivered, instructor-led program** offers hands-on esthetics, **clinical skin treatments**, and **rare wellness-based body therapy** — all in one modular pathway.

WHAT MAKES THIS PROGRAM DIFFERENT

Most esthetics programs focus only on **basic or traditional services**. This program combines:

WHY THIS MATTERS

Most esthetics programs **do not include:**

- Advanced skin treatments
- Wellness-based body therapy

Students often pay **extra** — or attend multiple schools — to gain these skills. This program brings them together in **one comprehensive, real-world pathway.**

THE COST DIFFERENCE: TRAINING HERE vs ELSEWHERE

Typical Esthetics Programs (Kelowna / Vancouver):

- Tuition: **\$16,000 – \$18,000+ just in tuition costs.**
- **This does not include:**
 - Travel costs (gas or flights)
 - Hotel stays or long-term accommodation
 - Meals away from home
 - Lost work time due to commuting

👉 These added costs can easily push the **real total to \$17,000 – \$25,000+**
